Department of Computer Science

Patents 2025-26

S.No.	Name of Faculty Applicant/ Inventor	Name of Co-Applicant	Patent Application Number/ Patent Number	Title of Patent	Status (Published / Granted/ Registration of Design)	Date
1	Dr. Gaurav Dubey	Dr. Ajay Kumar Shrivastava Ms. Arti Sharma	202511060819	Centralized Platform For Product Feedback And Verified Customer Opinion	Published	11-07-2025
2	Ms. Arti Sharma	Dr. Gaurav Dubey	202511060821	Scalable Erp System For Competitive Programming And Faculty Development Management	Published	11-07-2025
3	Pawan Kr Pal		202511061179	Real-Time Network Traffic & Anomaly Detection System	Published	11-07-2025
4	Arti Sharma	Dr. Gaurav Dubey	202511061856	Ai-Based Solution To Enable Ease Of Grievance Lodging And Tracking For Citizen	Published	11-07-2025
5	Dr. Anurag Mishra		202511061425	System And Method For Ai-Based Real-Time Yoga Pose Recognition And Feedback Using Pose	Published	11-07-2025
6	Dr. Akash Rajak		202511074908	Estimation And Machine Learning Models	Published	29-08-2025
7	Arti Sharma	Dr. Gaurav Dubey	202511069065	A Secured Self-Checkout System For The Retail Industry	Published	08-08-2025
8	Vivek Kumar Sharma		202511061895	Adaptive Learning Management System With Gamification Elements For Enhancing Educational Engagement	Published	07-11-2025
9	Vivek Kumar Sharma		202511074708	System And Method For Plant Disease Prediction Using Convolutional Neural Networks	Published	29-08-2025
10	Sreesh Gaur		202511073501 A	Convolutional Neural Network Based System For Terrain Classification And Prediction From Satellite Or Aerial Imagery	Published	22-08-2025
11	Dr. Akash Rajak		202511088760	Ai-Based Examination Hosting And Proctoring System For Digital Assessments	Published	10-10-2025
12	Shivani		202511084092	Proactive Cyber Defense: An Ai-Based Intelligence Framework	Published	19-09-2025
13	Gaurav Dubey, Arti Sharma		202511084096	Ai-Based Monitoring And Evaluation System For Online Examinations	Published	19-09-2025
14	Dr. Akash Rajak		202511084145 A	Obe Automation System: A Web- Based Platform For Automated Course Outcome (Po) Mapping, Attainment Calculation, And Gap Analysis In Outcome Based Education (Obe)	Published	19-09-2025

15	Dr. Akash Rajak		202511084139 A	IoT Enabled System For Accident Detection, Victim Reporting And Real-Time Medical Assistance	Published	19-09-2025
16	Sreesh Gaur		202511084093 A	Pir And Toxic Gas Sensor Based Alert System For Confined Space Safety	Published	19-09-2025
